KEIGWIN SCHOOL OF NURSING**

**Strategic Plan
2023-2028**

Revised: 2/16/23

Community of Interest

Community of Interest: KSON defines the community of interest as its faculty, staff, current students and their families, alumni, university colleagues, clinical partners, strategic partners, and

are essential in promoting the undergraduate and graduate programs, providing feedback for continual program improvement, improving health outcomes of patient populations, and in meeting their needs and expectations. The majority of KSON graduates will live among and promote the health of people in the communities of Duval, St. Johns, Flagler, Putnam, Clay, Baker, and Nassau counties. KSON's advisory board is comprised of university, local agency, and community stakeholders.

Mission Statement

Jacksonville University Keigwin School of Nursing is committed to the success of each student as a self-assured, clinically competent, caring professional nurse, who practices in an evolving, complex health care environment, provides leadership to promote health among culturally diverse people and promotes the advancement of nursing knowledge through evidence-based practice and life-long learning.

Vision

The Keigwin School will promote better health for all by educating and preparing future nurses, advanced practice nurses, nursing leaders, and nursing scholars who will represent the school's core values and make meaningful contributions to nursing.

The Keigwin School of Nursing identifies the following core values:

We will set an example for **Clinical Excellence, Compassion, and Collaboration** in nursing.
