Center
800 Prudential Drive, Suite1005 Jacksonville, FL 32207 (904) 633-0780

have taught in both the ground-based and online programs. I taught full-time until 2014 and now teaching responsibilities account for 30% of my duties. In addition to teaching, I have remained active in scholarly activities including research and publishing with a primary focus in pediatric neurosurgery. I actively participate on multiple committees within the Brooks Rehabilitation College of Healthcare Sciences, as well as the University Planning and Budget committee. In 2012, I worked collaborati

Igir1

Graduate Director Nathan M. Bisk Center for Online Learning

In December 2015, Jacksonville University secured a 2.5-million-dollar gift from Bisk Education for the establishment of the Nathan M. Bisk Center for Online Learning (NMBCOL). The gift agreement resulted in the beginning of a center designed to advance online learning endeavors at Jacksonville University beyond existing programs which were primarily nursing. The overarching goal of the NMBCOL is to align efforts with
